## ***What is BEST?***

BEST stands for *Board of European Students of Technology*. Through our Events we help European students of technology to become more internationally minded. All our work is done by over 2000 voluntary students from almost 30 countries.

If you want to know more about BEST, go to our website <http://www.BEST.eu.org>, where you can find a list of all Local BEST Groups (LBGs) (<http://www.BEST.eu.org/aboutBEST/structure/lbgList.jsp>) => search for the one in your university and speak with them! Can you take the challenge of joining us? ;)

## ***What are BEST Events?***

BEST offers YOU two categories of external events: Leisure and Learning. They both last from 1 to 2 weeks and are organised by more than 75 Local BEST Groups spread around Europe.

Leisure Events are all about fun, friendship, new experiences and lots of BEST Spirit! ☺ In the Learning Events you can find not only that, but also an academical part that will give more knowledge in the topic of the event and, in some cases, it may even give you some credits! ☺ In this last category you can find BEST Courses (on Technology or Career Related), BEST Engineering Competitions (BECs) and BEST Events on Education.

## ***How much does it cost?***
